SUCCESS BY 6 COALITION AUSTIN/TRAVIS COUNTY COALITION

STRATEGIC PLAN | 2019-2023 | A 2,000 DAY JOURNEY: DAY 365 UPDATE

HEALTHY BEGINNINGS

Austin Public Health partnered with United Way for Greater Austin to launch Family Connects Texas in Austin/Travis County. In the first year, 768 families with newborns received home visits from a registered nurse who provided immediate support and connected those families to resources in the community.

SUPPORTED FAMILIES

St. David's Foundation announced new investments totaling \$2.4 million in home visiting programs in Central Texas, including Any Baby Can and African American Youth Harvest Foundation. This greatly expands our community's capacity to support families with high-quality parenting education.

HIGH QUALITY CARE & EDUCATION

Coordinated, statewide advocacy efforts resulted in important gains during the 86th Legislative Session, including funding for full-day pre-K4. With funding authorized under SB 1882, Austin ISD partnered with United Way ATX to launch Pre-K Partnerships and greatly expand access to high-quality public pre-K in community-based child care settings.

SAFE & STIMULATING COMMUNITIES

Early Matters Greater Austin, a business alliance for early childhood, launched with support of the E3 Alliance and United Way ATX. Influential business leaders stepped up to serve on the steering committee, give testimony during the legislative session, and to launch a Family-Friendly Workplace initiative.

Join the Success By 6 Coalition to ensure all children in Austin/Travis County enter Kindergarten happy, healthy, and prepared to succeed in school and beyond.
