

COLOR PALETTE

United Way Color Palette

The United Way color palette is comprised of colors used in the United Way brandmark. On this page you will find specifications for reproducing the United Way colors in a variety of ways.

The colors shown are not direct conversions, but rather carefully selected formulas to ensure the best and most accurate color representation for that format/use.

Grayscale

Grayscale should be used sparingly and in support of the primary color palette. In event that contrast is an issue, additional shades of gray may be used.

Digital Accent Colors

These colors are best used to indicate state changes in web applications such as a hover state on buttons. See pages 55 & 56 for reference.

* WCAG are web content accessibility guidelines which are recommendations for making web content more accessible for people with disabilities.
