

You are building opportunity for all in our community!

When you give to United Way for Greater Austin, your dollars stay local, making a real and lasting difference in our community. Together with people like you, we break a generations-long cycle of poverty with impact today and tomorrow.

Here are some of the things we accomplished in the past year across the Central Texas region.

\$8,294,424 invested directly into our local community

64,369 children and individuals impacted through our strategic work in education, health, and financial stability

90,000 books distributed to young readers in grades K-3

200,00+ requests for help answered through our 2-1-1 Navigation Center

United, we are building opportunity to break the cycle of poverty!

- \$5 per month** for one year can help provide children from families with low income brain-building books featuring characters of color
- \$10 per month** for one year can help provide technical assistance for a young parent applying for free career training classes and subsidized child care
- \$20 per month** for one year can help enable our neighbors to access the relief and resources they need through 2-1-1
- \$50 per month** for one year can help provide high-quality, affordable early care and education so children can enter Kindergarten happy, healthy, and prepared to succeed in school and beyond

87% of every dollar goes to programs
100% of every dollar goes to our mission of fighting poverty

Our Goals

For 100 years, United Way for Greater Austin has served our community. Together, we're building a future where everyone has access to high-quality early care and education and essential resources. All of our strategic, evidence-based work – in data, coalitions, programs, and advocacy – is aligned to achieve this singular goal.

Grow UNITED

All children enter Kindergarten happy, healthy, and prepared to succeed in school and beyond

CURRENT REALITY

38% of children from households with low income begin Kindergarten ready to learn and succeed

Learn UNITED

Children are reading on grade level by the 4th grade, a critical time when children transition from “learning to read” to “reading to learn”

CURRENT REALITY

34% of children from families with low income pass their 3rd grade reading STAAR test

Connect UNITED

People in our community are connected to resources for food, health, housing, transportation, and more

Advance UNITED

Families with young children are financially stable

CURRENT REALITY

15% of local families with children live in households with low income

United Way for Greater Austin brings people, ideas, and resources together to fight poverty in our community.
